B2B Product Marketing | Demand Generation | Campaign & Project Management

Zaandam, Netherlands | fionaycwu@gmail.com | +31 6 4761 4435 | [linkedin.com/in/fionayenchingwu](https://www.linkedin.com/in/fionayenchingwu) | [Portfolio](#)

Mandarin Chinese (Native) | English (Fluent) | Dutch (Basic) | Indonesian (Basic)

PROFESSIONAL SUMMARY

- B2B marketing professional with 15+ years in international marketing: events, brand, partnerships and integrated campaigns; most recently in product marketing and demand generation for power electronics.
- Delivered programmes in 8 countries and 5 product categories across EMEA and Asia-Pacific, including two overseas postings leading local teams and managing office budgets.
- Experienced in go-to-market execution, account-based marketing, and running several multi-market projects at once to fixed deadlines and budgets.

WORK EXPERIENCE

Delta Electronics EMEA | global power and thermal management manufacturer

Product Marketing Manager | Hoofddorp, Netherlands

October 2023 – Present

- Product marketing & campaigns: planned and ran integrated B2B campaigns across paid and owned channels, including LinkedIn Ads and large-format trade show programmes, for several product brands and EMEA markets. Own the work from scoping and agency briefing through delivery and post-campaign analysis.
- Trade show programme lead: owned Delta's trade show programme at electronica 2024 in Munich, the world's leading trade fair for electronic components, aligning 5 product teams on exhibit selection, messaging and on-site execution. The stand generated 100+ leads captured in Microsoft Dynamics; 30 went to my portfolio and 5 are industrial accounts that still order today.
- Account-based marketing: owned Delta's presence at OCP EMEA, a cloud and data centre industry forum, planning it since Dublin 2025. For Barcelona 2026 I ran an integrated pre-event campaign: sourced the content and set the structure for the product landing page with the sales lead and corporate marketing, produced the campaign video myself in Canva, and worked from the sales team's priority account lists for personalised invitations. Qualified leads on site and consolidated them into CRM for sales follow-up: 60+ leads from a defined target list, up from around ten the year before.
- Content & go-to-market: created landing-page copy, product brochures, LinkedIn product videos and campaign guidelines, and turned global data centre solution content into materials EMEA markets can reuse for consistent, on-brand campaigns.
- Budget planning: planned and allocated the annual EMEA marketing and events budget — trade shows, paid campaigns and external agencies — including forecasting, agency contracting and reporting on what the spend delivered.
- Market intelligence: produced competitor and market intelligence for EMEA and presented it to C-level and regional management, feeding product positioning and opportunity selection.
- Cross-functional delivery: worked with agencies, creative teams, product, engineering, sales and communications across EMEA, including cross-business-group work promoting Thermal solutions alongside the Power portfolio. Introduced AI-assisted competitor and trend research.

TAITRA (Taiwan External Trade Development Council) Taipei, Taiwan

Taiwan's national trade promotion organisation with 60+ overseas offices · Organiser of COMPUTEX Taipei

14 years across headquarters and two overseas postings ·

July 2008 – July 2022

Project Manager, Market Development | Taipei, Taiwan

August 2020 – July 2022

- Set marketing direction for Taiwan's overseas trade promotion programmes, working with external agencies and partners on press, social, web and influencer content across multiple Asian markets.
- Grew Taiwan Expo Malaysia's Facebook and Instagram engagement by 40% and 25%. When the 2021 edition moved online, designed a buyer incentive programme that lifted participation in virtual procurement meetings by 33%.

Marketing Manager | Taiwan Trade Center Jakarta, Jakarta, Indonesia

August 2018 – August 2020

- One of two staff posted from headquarters to the Jakarta office (Director and Manager). Reporting to the office Director, led a local team of eight and managed the office's operating budget — local payroll, premises and programme spend — preparing the budget proposal for each headquarters-agreed programme and controlling delivery against it.
- The office ranked 2nd of 62 TAITRA offices worldwide for buyer recruitment, bringing 600+ Indonesian buyers a year to sourcing events in Taiwan.

- Ran Taiwan Excellence brand campaigns and events, including a mass-participation running event with 8,000+ participants, and delivered three concurrent programmes in 2019.

Project Manager, Market Development | Taipei, Taiwan

October 2017 – August 2018

- Headquarters rotation between overseas postings. Supported international trade show programmes and prepared the Indonesia assignment.

Trade Representative | Taiwan Trade Center Chengdu, Chengdu, China

October 2016 – October 2017

- Manager-level posting from headquarters to one of TAITRA's 60+ overseas offices, reporting to the office Director.
- Led a local team of four and managed the office's local payroll, running costs and programme spend, supporting Taiwanese exporters entering western China.
- Brought 200+ local buyers a year to trade shows in Taiwan.

Project Manager, Exhibitions | Taipei, Taiwan

July 2008 – October 2016

- Planned and delivered international trade shows and overseas pavilions end to end — scope, budget, timelines and on-site operations — across Germany, the United States and Southeast Asia.
- Ran demand generation for flagship shows: recruited exhibitors and drove buyer and visitor attendance through owned channels, earned media and social content, plus 10+ supporting events a year.
- Designed account-level engagement for priority buyers (VIP invitations, buyers' nights, private dinners) and brought in China Airlines, EVA Air, The Macallan and Grand Hyatt Taipei as sponsors, raising trade show funding by 13%; several renewed across cycles.
- Curated keynote programmes including senior executives from the World Federation of the Sporting Goods Industry (WFSGI); created a 3,000-runner mass-participation event for the 40th Taipei International Sporting Goods Show and a design award programme for the Taipei Cycle pavilion at Interbike that generated 200+ leads; ran pre-show media events drawing 50+ journalists in Fort Lauderdale and 40+ in Taipei.

SKILLS
